

suspension

Technical drawing of the D17Q suspension lamp. It shows two views of the lamp's body: a top view and a side view. The top view shows an oval shape with a width of 55" (140 cm) and a height of 21.2" (54 cm). The side view shows a height of 6.3" (16 cm) and a depth of 6.3" (16 cm). A vertical dimension line indicates a height of 1.6' - 14.8' (50-450 cm) for the suspension system.

**D17Q**

2x250W T-10 halogen/frosted shielded med. base

weight 6.61 lb

up and down kit

Technical drawing of the D17Q/02 up and down kit. It shows a spherical counterweight attached to the suspension system. The counterweight has a diameter of 13" (400 cm).

**D17Q/02**

spherical counterweight for up-down adjustment may be inserted or removed at any time

Image showing a person holding the lamp and a set of five interchangeable polycarbonate filters in various colors: blue, green, red, purple, and yellow.

**D17Q/01**

five pairs of interchangeable polycarbonate filters determine the varying colours of the lamellar body while providing constant emission of white light
